

We are a multi-disciplinary, family owned general contractor based in Northwest BC since 1972.

We construct buildings, install civil infrastructure, build roads, supply and erect metal buildings, offer trucking and logistics, and install industrial security fencing.

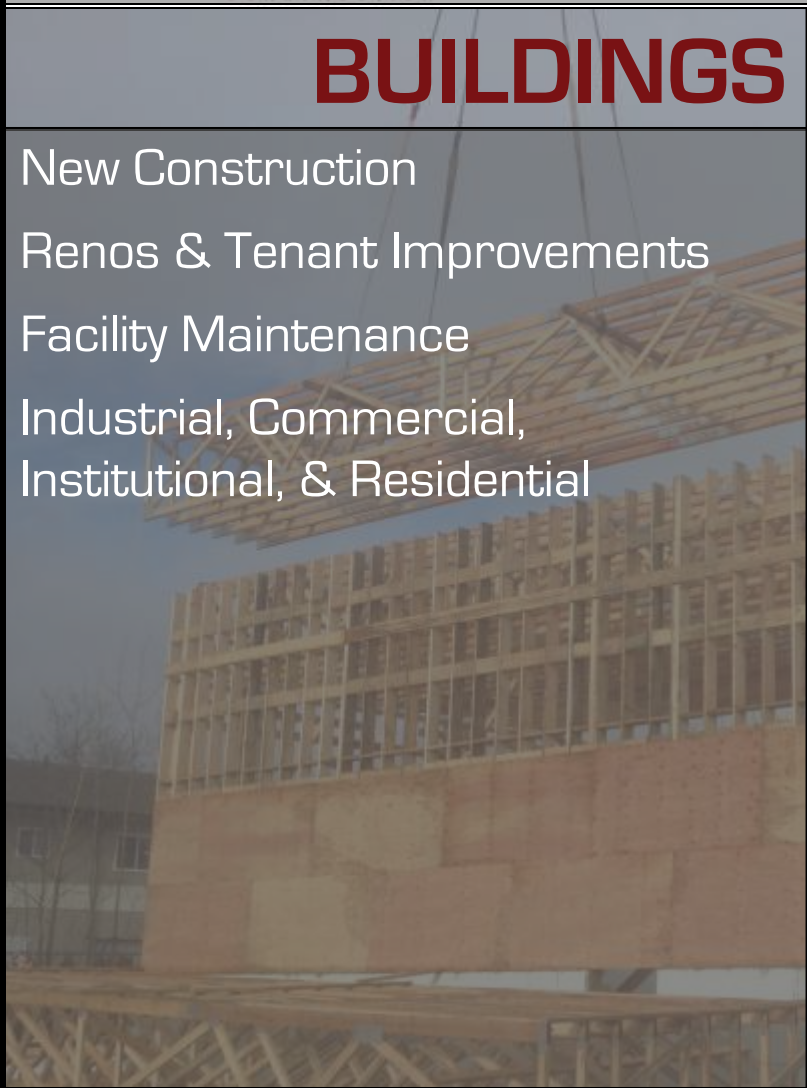

Core Values

- High quality workmanship
- Safe worksites
- Stability in our business
- Diversity in our services
- Maintaining long term clients

We are COR certified, have strong quality control processes, and are fully bondable.
