Progressive Venture (1990) Ltd.,
Suite 4, 5008 Pohle Ave.,
Terrace, B. C. V8G 4S8

Attention: Mr. Dave McKeown

Dear Dave,

Now that the construction of our new clubhouse facilities are now completed I would like to take this opportunity to point out some of the highlites of the project.

Our contract with P.V.L. was completed on time and on budget. We had complete co-operation with your firm and above all the crew supervisor Joe Chisholm was excellent in communicating to us on all phases of the construction. Joe's crew of Ken, Dean, Darcy, Brian, Kelly and James showed their individual skills throughout the entire project. The manner in which P.V.L. handled the sub trades was exceptional, all phases were co-ordinated to be on time and the workmanship was excellent.

During this whole construction period which covered a third of our golf season, with your co-operation, we never lost an event or a golf tee time, thus our executive were very happy that our revenues did not diminish in any way.

Once again Dave and Lael we would like to express our appreciation for your excellent work, our members are very proud of their new facilities.

Yours very truly,

B. R. (Bruce) Carruthers
Club Manager/Project Chairman

c.c. Jake DeJong,
Club President
